E-mail Address: jonascharles013@gmail.com

PROFFESIONAL SUMMARY

Am a Versatile anthropologist and archaeologist with deep expertise in cultural context and biological analysis. Skilled in recovering and interpreting skeletal remains, analyzing material culture, and applying forensic techniques to medico-legal and archaeological contexts. Adept at bridging the gap between past human lifeways and modern biological identification.

KEY SKILLS AND COMPETENCE.

I am multidisciplinary expert in human history, biology, and behavior. My unique background gives me a highly specialized, transferable skill set combining meticulous field recovery, critical forensic analysis, and profound cultural context

- ✓ **Skeletal Analysis & Biological Profiling.** I am trained to examine human remains to determine age, sex, ancestry, and stature. I can identify bone trauma, pathologies, and time since death.

- ✓ **Archaeological Excavation:** my background gives me ability to know exactly how to map, survey, and excavate buried or scattered evidence meticulously without contaminating the scene.
- ✓ **Cultural Interpretation:** With cultural anthropology, I can evaluate human adaptation, social behavior, and belief systems. This provides vital context to distinguishing between historical burials, modern crime scenes, and identifying human remains globally
- ✓ **Meticulous Record-Keeping:** I possess strong documentation and observational skills, ensuring all physical evidence is logged accurately for legal or research purposes
- ✓ **Critical Thinking:** i am capable of assembling fragmented clues (both physical and cultural) to reconstruct stories of the past or solve modern mysteries.

OTHER SKILLS

COMPUTER SKILLS: Internet surfing, E-mail services, Microsoft word, Powerpoint, and Excel.
